

Dear colleagues,

Hellenic Society of Plastic Reconstructive & Aesthetic Surgery (HESPRAS) and the Hellenic Association for the Treatment of Maxillofacial Cancer (HATMC) will organise the 2nd International Meeting on Aesthetic & Reconstructive Facial Surgery (IMAFR), 1-3 September 2011 on the Greek island, Kos.

This will be a world class congress. Please include details of the 2011 IMAFR in your event calendar, journals and publications. Your support in assisting us to promote the event is very much appreciated. Below you can find an invitation for distribution to your members and interested stakeholders.

Our Meeting website is <http://www.imafr2011.org>

Please do not hesitate to contact us for more information. We look forward welcoming you to the Island of Kos in Greece on September 2011.

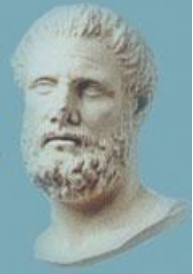

With kind regards

International Meeting on

# AESTHETIC and RECONSTRUCTIVE FACIAL SURGERY

Kos, 01-03 September 2011

[www.imafr2011.org](http://www.imafr2011.org)

Dear Colleagues,

On behalf of the Board of the Hellenic Society of Plastic Reconstructive and Aesthetic Surgery (**HESPRAS**) and the Board of the Hellenic Association for the Treatment of Maxillofacial Cancer (**HATMC**), it is an honor and a pleasure for us to invite you to participate to the **2nd International Meeting on Aesthetic and Reconstructive Facial Surgery (IMAFR)** that will be held again in Greece, in the birthplace of Hippocrates, the island of Kos in **September 1-3, 2011**.

On May 2009 the 1st meeting was held in the island of Mykonos and more than **400 colleagues around the world** had the opportunity to enjoy a very active scientific event and a joyful social program.

We chose another famous Greek island, the island of Kos, in the Dodecanese archipelagos, equally beautiful, with many attractions, the biggest of which is being the land where Hippocrates, the father of Medicine, instituted 25 centuries ago the first hospital and medical school in the world.

The lessons we learned from the organization of the 1st meeting will certainly help us to provide an even better academic program that will cover **all aspects of aesthetic and reconstructive facial surgery** from Fillers and Botulin Toxin A to the most sophisticated approaches for facial rejuvenation, rhinoplasty, facial implants, fat transfer, endoscopy as well as microsurgery, aesthetic facial reconstruction, head and neck cancer and facial allotransplantation. A distinguished faculty from around the world will cover the full scope of facial surgery.

The intention of the 2nd meeting will again be threefold. **Educational, scientific and recreational**. Educational for the young and the older, scientific for the inventing and inquiring minded and recreational, for all of us.

We are confident that we will prepare a memorable scientific event for the years to come. One that will **broaden our scientific horizons** and **strengthen our cultural ties** through the social program in a way that the everlasting Hippocratic values that have dominated our noble profession for more than 2500 years will remain alive and unchanged from the passing of time, enlightening our path in life, family and society.

#### Faculty

(already confirmed)

Honorary President: **Marita Eisenmann-Klein, Germany**

Congress Chairmen: **Apostolos Mandrekas Greece, Alexander D. Rapidis Greece**

#### Members:

Dario Bertossi, Italy  
Giovanni Botti, Italy  
Sean Boutros, USA  
Jay Calvert, USA  
Mimis Cohen, USA  
Sydney Coleman, USA  
Peter Cordeiro, USA  
Gregory Evans, USA  
Ralph William Gilbert, Canada  
Wolfgang Gubisch, Germany  
Mutaz B. Habal, USA  
Firas Karmo, USA

Andrew J. Kaufman, USA  
Peter Neligan, USA  
Pier Francesco Nocini, Italy  
Norbert Pallua, Germany  
Nelson Piccolo, Brazil  
Jan G. Poëll, Switzerland  
Julian Pribaz, USA  
Pierre Saadeh, USA  
Julia Terzis, USA  
Spero Theodorou, USA  
Patrick Tonnard, Belgium  
Carlos Oscar Uebel, Brazil

Looking forward to see you in Kos next September.

With our warmest regards,

**Apostolos Mandrekas, MD PhD**  
President of HESPRAS

**Alexander D. Rapidis MD, DDS, PhD, FACS**  
President of HATMC
